## Western Region Football League Strategic Plan 2015-2018

### Our Vision:

For community football to make a meaningful contribution to a stronger, healthier, inclusive and resilient population in Melbourne's West.

### Our Mission:

Through Football, we will enhance the social, physical and emotional development of our community.

### We Value:

- The contributions of volunteers
- Respect for diversity
- Teamwork and partnerships
- Integrity and sportsmanship
- Commitment and leadership

### Our Operating Environment:

- An Association of Associations – WRFL is a not-for-profit, incorporated association constituted to provide administration services and support for its member clubs.
- A diverse range of Councils providing playing and associated facilities.
- Rapidly expanding population in the west and an ageing population in areas supporting some older clubs.
- High proportion of people born overseas with a wide range of background sport cultures and interests.
- Significant pockets of relatively high unemployment, low education levels and lower incomes.
- Lower levels of participation in sports in general, including Football.
- Increasing competition for sponsorship dollars.
- Increasing pressure on volunteers, exacerbated by regulatory compliance requirements and perceived difficulty in attracting commitment from new volunteers.
- Strong competition for participants from other sports particularly soccer.
- Several clubs struggling financially.
- Improving but uneven competition balance

	Objective 1: <b>Club &amp; League Viability</b>	Objective 2: <b>Community Leadership &amp; Culture</b>	Objective 3: <b>Club, Facility &amp; Venue Development</b>	Objective 4: <b>Commercial/Social Enterprise &amp; Embracing Technology</b>	Objective 5: <b>Football Participation / Structure, Balance &amp; Growth</b>
	<b>Aims</b>	<b>Aims</b>	<b>Aims</b>	<b>Aims</b>	<b>Aims</b>
	To support and enhance the governance of the league and member clubs to ensure financial and program viability.	To encourage and support community engagement and relationship initiatives that add social value and support inclusive environments.	To ensure that facility planning and development arrangements meet the needs of existing and planned new member clubs and the league.	To ensure that the WRFL meets appropriate benchmarks of management and service delivery; and supports the information technology needs and capacity of member clubs.	To increase the number and diversity of individuals involved in playing, administering and supporting Australian Football.
<b>Strategies</b>	<ul style="list-style-type: none"> <li>• Continually research our marketplace to develop a sound understanding of club operating environments and challenges in order to inform planning at club and league levels.</li> <li>• Facilitate and deliver focussed training/education programs and resources for club officials.</li> <li>• Establish a "Club Mentoring" program.</li> <li>• Propose and actively investigate the prospect of introducing an entry charge for senior home &amp; away games.</li> <li>• Moderate the level of payments to players.</li> <li>• Achieve a responsible and sustainable net assets position for the Western Region Football League Inc without increasing administration charges to clubs.</li> <li>• Ensure that all WRFL clubs are accredited to the highest possible standards under the AFL Victoria Quality Club and Australian Drug Foundation Good Sports programs.</li> </ul>	<ul style="list-style-type: none"> <li>• Regional cooperation with football industry, government and community organisations at all levels.</li> <li>• Develop mutually beneficial partnerships with the AFL clubs aligned to promotional zones in the western region of Melbourne.</li> <li>• Establish and maintain partnerships with community organisations having potential to assist in achieving WRFL strategic objectives.</li> <li>• Foster/optimize relationships between league/club personnel and local government Councillors and staff.</li> <li>• Offer scholarship/award programs to the wider community.</li> <li>• Increase female participation in football competition and off-field roles at all levels.</li> <li>• Introduce Cultural Awareness Education courses for league and club administrators and supporters.</li> <li>• Enhance the social value of clubs in their community through development of inclusive and safe football environments practices.</li> </ul>	<ul style="list-style-type: none"> <li>• Plan and facilitate development of new and existing football facilities across the western region of Melbourne to comply with agreed and documented minimum standards.</li> <li>• Develop a regional umpire training venue at Williams Landing.</li> <li>• In cooperation with local Councils and AFL Victoria, facilitate establishment of new football clubs as opportunities present, particularly in new population growth areas.</li> <li>• Lobby for access to the best possible facilities across the western region for conduct of both Senior and Junior finals events.</li> </ul>	<ul style="list-style-type: none"> <li>• As part of the West &amp; North West Regions Future Directions Project, undertake market research aimed to thoroughly understand the western region market environment and lead to optimum service to member clubs and the Game as a whole.</li> <li>• Develop and promote WRFL brand awareness throughout the western metropolitan region.</li> <li>• Ensure that club personnel have the capacity to maximise the benefits of information technology.</li> <li>• Ensure that WRFL technology systems keep pace with industry developments.</li> <li>• Implement a fully functional, on-line live-scores facility for both Senior and Junior competitions.</li> </ul>	<ul style="list-style-type: none"> <li>• Increase participation numbers across all WRFL football segments.</li> <li>• Develop / attract five (5) additional clubs to senior competition, in order to achieve the ideal number of ten (10) teams in each senior competition Division.</li> <li>• Establish a Club District structure aligning clubs with Auskick Centres and schools.</li> <li>• Achieve formal alignment and close cooperation between all WRFL clubs and at least one Auskick centre.</li> <li>• Ensure that all WRFL clubs engage cooperatively with schools in their designated "Districts" as defined in the Western &amp; North-West Regions Future Directions Strategy.</li> <li>• Investigate the feasibility of increasing competition age levels from Under-18 to Under-19; and from Under-16 to Under-17.</li> <li>• Design and implement a WRFL female strategy and initiatives to grow player participation.</li> <li>• Enhance the quality of coaches through professionally managed coach education courses.</li> </ul>

## PRESIDENT'S REPORT

Meredith Angwin

Welcome to the 2016 Annual Report of the WRFL. Let me begin by saying 'thank you'.

Thank you to all of you who have contributed in any way, big or small, to the successful year of football in the west this year.

Community football relies on the tireless spirit of our many volunteers as well as the commitment of our thousands of players, hundreds of umpires, club officials, trainers, and supporters who turn out week after week to make our game a success.

Without all of you, the WRFL would not have been as vibrant or as strong as it is.

2016 has been another good year for the football in Melbourne's west.

We played a lot of football over the course of the year and a quick look at the numbers illustrates the impact of our league across the most diverse and multicultural region in Australia.

In season 2016, we conducted:

- Nearly 2000 Home and Away games (senior and junior),
- 78 Junior and 38 Senior finals games
- Over 7000 umpire appointments from a pool of 361 active umpires,
- Registered more than 450 accredited trainers and provided football programs at all levels for more than 7000 players
- Presented nearly 1500 medals to players on Grand Final days; and 150 trophies to award winners across our Senior and Junior presentation functions,
- More than 250,000 volunteer hours have also been clocked-up across all of our clubs,
- More than 5,000,000 page views recorded on the WRFL website, a record for the league,

- More than 200,000 views also recorded on YouTube and Facebook, with 86 videos produced throughout the season. The WRFL's online presence continued to grow this season with more stories and engaging content posted on the league's website and social media channels.

Football is a passionate game, that's why we love it!

The passion of our players and supporters drives the success of our league and most of the time this provides a fantastic atmosphere to the game.

However at times, it can lead to unacceptable behaviour on and off the field.

Overall our on field incidents have been reducing year on year which is very pleasing. The Board and the officials of the league commend everyone involved on the discipline that prevails most of the time.

So it is disappointing when we have to deal with serious incidents involving unacceptable behaviour as we have done on a number of occasions this year.

This casts the League in a poor light across the football arena and tarnishes the reputations of most of our players, supporters and club officials which is not deserved.

As we end this year, on behalf of the WRFL Board, let me clearly state that we will not accept any level of anti-social or violent behaviour on or off the field. As we have done this year we will have no hesitation in enforcing appropriate penalties on those responsible.

If passion is one element that drives our game then respect needs to be the other - respect for the game, for your opponent, for your fellow supporters regardless of their views.

In line with the WRFL Strategic Plan, our Board has initiated an ongoing program titled "Respectful Cultures in the West".

Spotswood's Under-15 girls team runs onto the ground for their Grand Final match with Keilor. Picture: DAVID NEWTON.

Our focus is on diversity of involvement across all aspects of the game and its administration.

Diversity is about creating environments where people of all genders, race and background feel included and welcomed to participate.

The WRFL is a very inclusive league already, however in one area - that of gender diversity, we can and should be doing better.

At the WRFL Board, we are leading the way with three of our 10 Board members being women and across our clubs there is a significant level of female involvement in the operations of the clubs.

This initiative aims to encourage women to take on senior roles across all aspects of our activity.

We want to see women in leading roles in our clubs as Presidents, Vice-Presidents and Treasurers.

We want to at least double the number of female umpires from the present count of 40 to approaching 100.

I am very pleased to confirm that in 2017, the WRFL will have standalone female football competitions for girls in Under-12, Under-15 and Under-18 levels; and that we will have a senior women's competition under the exclusive banner of the WRFL.

The expansion of female football is the most significant change to our game in the post - professional AFL game era.

The opportunity for WRFL clubs to build the participation of girls and women and reinforce footy as a game for all of the family to play, get involved with and enjoy watching is significant.

2017 will also see the introduction of the salary cap which is the second phase of AFL Victoria's Community Club Sustainability Program, following the introduction of the Points System in 2016.

This provides a framework in which all clubs can build and maintain a sustainable approach to management of the game, relieving at least some of the pressures on hard-working club volunteers.

Early in the new year, our Chief Executive, Bob Tregear will retire after seven years with the WRFL.

In this, his final Annual Report, I want to recognise the significant contribution that Bob has made to the League over this time.

He has guided the development of our competition, built the level of professionalism to a standard unsurpassed in community football and has worked tirelessly to engage with the diverse range of stakeholders - clubs, councils, AFL Victoria, the Western Bulldogs and our many sponsors - required to make our league a success.

The WRFL has appointed Matthew Duck as the new Chief Executive. He will begin his formal transition into the role in the week prior to the Christmas/New Year break.

Finally, thank you to the WRFL board members who voluntarily give their time and expertise to support the League.

This year we welcomed to the Board Sandra Wilson, a past committee member of Altona Junior Football Club and Hobson's Bay City Councillor; and farewelled Bruce Mildenhall as President as he embarked on an extended overseas adventure.

After a momentous finale to the AFL with our partner the Western Bulldogs winning a ground breaking premiership, we look forward to the 2017 Season across all of the leagues playing our great game.

# CEO'S REPORT

Bob Tregear

Season 2016 has seen many changes affecting both football programs and administration routines. Introduction of the Player Points System (PPS) to senior grades; hosting Senior Interleague competition against a country league (Ballarat Football Netball League), including Under-19's for the first time; continued growth in both boys' and girls' junior programs, including introduction of Under-8's for the first time; development of our "Respectful Cultures in the West" initiative; and changes to the WRFL Board membership and structure are amongst the more notable of changes dealt with.

The long-awaited roll-out of the PPS presented a major challenge to both club officials and league staff. Club administrators were faced with new and potentially confusing administration systems and compliance obligations. WRFL Football Operations Manager David Newton dealt with a heavy pre-season workload, separately assessing and calculating the initial point's totals for each of more than 1,300 senior players across 25 clubs. It is credit to David and all of the club administrators involved that such a major change in compliance obligations was introduced smoothly and with very few disputes.

The PPS is an important pillar of AFL Victoria's Community Club Sustainability Program (CCSP) that will have far-reaching benefits for volunteer club official for many years to come. New Player Payment Rules (ie Salary Caps) will be introduced for the 2017 season. The PPS and Player Payment Rules will interact over time to encourage player loyalty to clubs; reduce the number of seasonal transfers between clubs; and limit the often onerous pressures on club officials to raise funds for payment to players. The WRFL Board enthusiastically supports the CCSP and will work to ensure its effective implementation in the interests of all volunteers.

Our Senior Interleague campaign took a new turn this year with the formerly separate country and metropolitan championships combined for the first time; and with the addition of Under-19 representative teams also for the first time. WRFL hosted the Ballarat Football Netball League Seniors and Under-19s at Whitten Oval in May, winning both games. The senior match was a thriller, finishing in near-darkness with the WRFL team falling over the line with a late goal to win by just three points. The high-standard game was played in great spirits and showcased the talents of two strong community football leagues.

A fixturing change from Saturdays to Sundays for our girls' competitions conducted in association with the Essendon Districts Football League and introduction of an Under-8's program were key elements in the continuing growth of our junior ranks this year. Overall we recorded growth of 11 teams (7%) in junior team numbers compared to the previous season. With all of our junior girls' competitions set to managed under the WRFL banner alone next year; transfer of much of the Victorian Women's Football League activity from AFL Victoria to local league management; and positive signs for growth in both Sunday junior boys and Saturday Under-19 teams, we can be confident of another year of significant growth in 2017.

The WRFL "Respectful Cultures in the West" initiative has its origins in the Vision and Mission Statements of the league's Strategic Plan:

**Vision:** For community football to make a meaningful contribution to a stronger, healthier, inclusive and resilient population in Melbourne's West.

**Mission:** Through Football, we will enhance the social, physical and emotional development of our community.

While it can be truly said that our regular activities go a long way to achieving these ideals through the vital roles of volunteers contributing to a positive and cohesive "community fabric", the WRFL Board is keen to use the profile of our organisation and sport as the catalyst for a wider and lasting influence for positive change.

The already high involvement of women and girls across all aspects our activities provides a foundation for the promotion and fostering of greater acceptance and celebration of their contributions, leading over time to a lasting improvement in underlying respect for women and girls as equals in our sport and wider community. The public face of the Respectful Cultures initiative will be seen in:

- Growth of female competitions (we are committed to attracting sufficient players and welcoming clubs to support at least one viable grade in each of Under-12, 15 and 18 girl's as well as a viable grade of Senior Women's competition in 2017).
- Growth in the number of female umpires, with a target to at least double the current 40 female umpires to more than 80 over the next four years.
- Encouragement for women to take positions of senior responsibility at club level (eg as Presidents, Vice-Presidents and Treasurers).
- Appointment of suitably qualified women to our Tribunal, IHC and Appeals Board.

The WRFL Board has already led by example, with women as three of the nine current Directors, including the President, Meredith Angwin.

Season 2017 will again present a range of challenges to be addressed by clubs, the WRFL Board and staff. Expansion of girls' and women's competitions and their integration into existing fixtures; the ever-present need to develop and retain more umpires; and the challenge of improving the league's net asset position without undue impost on clubs are high amongst a raft of issues to be faced. The WRFL is well placed to steer a successful course.

After gross turnover of more than \$2 million, the league again recorded a virtual break-even result for the 2015-16 financial year. For the sixth consecutive year, the Board was able to maintain its policy of no increase in team affiliation fees. Counting the 10% reduction delivered in the 2012 budget, the real cost (recognising inflation) of team affiliation fees over the past six years has reduced by more than 25%. While the 2016-17 budget will again been drafted with no increase in team affiliation fees, the Board has identified a need to improve the league's net asset position in order to assure cash-flow through the non-trading months between seasons. Treasurer Dominic Drenen has flagged a policy of budgeting for trading surpluses in the range of \$50,000 to \$80,000 over the next several years.

Consistent with the aim to contain/reduce costs to clubs, financial viability of the league is increasingly dependent on the support extended by a growing number of sponsors and commercial partners. Sincere thanks to all of our 2016 partners whose support has made our competitions and programs possible, including:

After three years as our principal partner, the Seven Network advised late last year that, following major changes in the operating environment for free-to-air television companies, season 2016 would be the final year for our association with the 7 NEWS brand. I take this opportunity to extend the thanks of everyone associated with the WRFL to Martin Lewis, Jason Volbeda and the 7 NEWS team for their support and personal friendships over the past three seasons. Our association has lifted the profile and public image of our league, in addition to the welcome financial support. 7 NEWS has set a high benchmark for us to achieve going forward.

Again, thank you to all of our commercial partners, especially to the Western Bulldogs Football Club which has been our constant and significant partner for the past seven years. Congratulations to President Peter Gordon, CEO Garry Kent, all the Bulldogs coaches and players and everyone associated with the club on the historic wins of both the AFL and VFL premierships for season 2016 - there is no doubt that the glow of achievement and pride was felt right across our region, and not just by regular Bulldogs supporters.

WRFL President Bruce Mildenhall took extended leave of absence from the Board in May this year as he and wife Karen set out for a lifestyle break on the Greek island of Crete. After joining the Board as a Director in December 2008, Bruce served continuously until December 2013 when he was elected as President following Bill Baarini's resignation from the chair. Bruce's long history of service to the community as Councillor and Mayor of the former City of Footscray and 14 years in the Victorian parliament representing the lower house electorate of Footscray, including terms as Parliamentary Secretary to Premier Steve Bracks and as Shadow Minister for Sport and Recreation, was of great value to the standing and work of the WRFL Board.

Key initiatives under Bruce's presidency included completion and implementation of the WRFL Strategic Plan 2015-2018; initiation of the league's Respectful Cultures in the West project; and attraction to the Board of a range of new Directors with outstanding credentials. Showing no signs of a

move back home any time soon, Bruce has not nominated for re-election at this Annual General Meeting. On behalf of all WRFL stakeholders, thank you to Bruce for his outstanding service to the league over the past eight years. My personal thanks and appreciation also to Bruce for his wise counsel and unwavering support to me and the staff team.

With Bruce's departure for an indefinite period, Meredith Angwin assumed the role of Acting President. Meredith has nominated for election as President and will be elected unopposed at this Annual General Meeting. Meredith brings a range of personal and professional skills to her leadership role, as already demonstrated in her time as Acting President.

Completing the changes to Board line-up during 2016:

- Sandra Wilson joined the Board in May, filling a casual vacancy. Sandra previously served on the committee of Altona Junior Football Club; and has been a Councillor of the City of Hobsons Bay for four years. She served as Mayor of Hobsons Bay in 2013-14 and was recently elected again as Mayor for the 2016-17 year.
- Barry Lovell stepped aside from the role of Vice-President in May, remaining as a Director. Paul Robinson was promoted to the position of Vice-President.

This will be my final annual report as WRFL Chief Executive Officer, ahead of my retirement in February 2017. Matthew Duck has been appointed as my replacement and will commence his formal transition to the role in the week prior to the Christmas/New Year break. Congratulations to Matthew on his appointment - I wish him every success for a successful career ahead.

In my seven years as Chief Executive Officer, I have been blessed to share the role with a dedicated and able staff team.

David Newton was the only remaining member of staff when I commenced in February 2010. The entire product knowledge of the league's administration rested on David's young shoulders following his then three years in the role of General Manager Football Operations. David and I have worked closely together over the past seven years and it has been a privilege to be part of his professional and personal development. David is acknowledged by his peers as a leader in community football operations management and has earned universal respect amongst WRFL club officials. His family life has evolved during his time with the WRFL, with wife Elle and sons Xavier and Will now enriching his life.

David has announced his pending resignation from his WRFL role, having been offered the job of managing development of the Western Bulldogs Next Generation Academy. While he leaves big shoes to fill as General Manager Football Operations, we can all share in the pride that David's success in his time at WRFL has been recognised at AFL level. Thank you David for your contribution to football in the west over the past 10 years, and for your personal support and friendship.

Following David's departure, Tim Shellcot will assume responsibility for senior football operations. Tim has managed our club development and junior operations functions for the past six years and is uniquely qualified and experienced to move into the senior role. Tim is the quiet achiever of the staff team and I thank him for his contribution over the past six years, especially for his leadership in the formation of three new football clubs; and for his policy development role as Executive Secretary of our Juniors Board.

Kristy Vidovic has served in the part-time role of Accounts Officer and Umpire Administrator for the past five years. Kristy brings a smiling face and friendly attitude to an often difficult role, especially during the football season when workloads and reporting deadlines have to be met.

Julia Prokhorova has been the first point of contact with the league for the past two years in her roles as Customer Service and Events Coordinator. Julia's personality makes it difficult for even the most aggrieved club official or supporter to maintain the rage, smoothing the way for other staff members to address issues calmly. She plays important roles in registration and tracking of more than 450 accredited Trainers; and maintains important links with the league's Life Members. Julia's role will extend further into the football operations space next year, particularly in the development and administration of female football.

Kristen Alebakis is the most recent appointee to the staff team, having assumed the role of Media and Communications Manager in October last year. Kristen hit the ground running from day one and has succeeded in taking our printed publications, website, social media and other communication platforms to new heights of content and market penetration. Kristen's experience as a professional journalist is a great asset in promotion of the league's profile.

Peter Harley has served as our Marketing Consultant for most of my time in the role. He has lifted our sponsorship and commercial partnership revenue more than four-fold over that time, achieving a record of more than \$230,000 in the 2015-16 financial year.

Thank you to all members of the staff team and WRFL Board with whom I have had the pleasure and privilege to work with over the past seven years. You have all made significant contributions to our success and I will always value your personal friendships.

Finally, thanks to all of the club officials, players and supporters who ARE the Western Region Football League. Collectively, you make major contributions to the economy and social fabric of the western Melbourne region; and you have welcomed me into the WRFL family. Again, I have developed many friendships that will continue after my retirement. Collectively, the WRFL is in good hands at club, staff and Board levels and I wish you all every success for the future.

# FOOTBALL OPERATIONS REPORT

David Newton

The 2016 season saw the introduction of the state-wide Community Club Sustainability Program (CCSP) with the Player Points System (PPS) being implemented as phase one of the program for all senior grade competitions. The objectives of the PPS Policy are as follows, to:

- support equalization of community football Competitions;
- ensure teams fielded in the Competitions are strong and as equally matched as possible;
- provide the best opportunities for players to develop and display their skills;
- provide opportunities to compete at a community level within an orderly and fair system;
- enable team spirit and public support;
- encourage community and corporate sponsorships of Community Clubs;
- reduce the inflationary nature of player payments to assist clubs survive financially and reduce financial burden/stress on Clubs;
- promote player loyalty and junior development;
- support the role volunteers undertake in managing their Clubs by;
  - minimising the need to fundraise for player payments
  - providing a more competitive environment on field, that encourages more volunteers to support at Club level
  - providing incentive to spend more time and effort in the development of football, a welcoming Club environment and growing the game within the local community.

In summary each senior player is allocated a points value between one and six which is determined by the level of football that player has played over the previous three seasons. Each senior team was allocated a weekly points cap of 50 points which was the state maximum set by AFL Victoria. The below table outlined the averages for all senior teams in 2016

Season 2017 will see the WRFL reduce the weekly points cap to 45 being three points less than the state-wide maximum of 48 with all senior and reserves players receiving a one point reduction from their previous season value under the year of service clause. The PPS will be supported by phase two of the CCSP in 2017 with the introduction of the Salary Cap Policy. With the specifics around the policy still being finalised the WRFL has opted to set the salary caps at \$225,000 for Division 1, \$100,000 for Division 2 and \$50,000 for Division 3.

The Senior Interleague program took on a different look going from a six metropolitan League pre-season concept to a state wide program that was played in May. As it was the first year the WRFL was unofficially ranked as the 8th League in the state and a game was played against the Ballarat FL. The game was hosted by the WRFL at VU Whitten Oval in front of a big crowd. The WRFL was triumphant, with Werribee Districts player Andrew Panayi sealing the three-point win with a goal in the final minutes of the match.

I would like to thank Anthony Eames who did a magnificent job as senior coach and Brett Jacobs as his assistant. They were supported by Steve Thom as Chairman of Selectors who over the last three years of Interleague Football has been the driving force in ensuring all the players, coaches and staff understand the significance of the opportunity and represent the WRFL with pride and passion.

For the first time in over six years an Under-19 Interleague team was selected to play as a curtain raiser to the senior match. Former Spotswood Under-19 Premiership coach Matt Dean took on the role as coach and along with Gary Turner as Chairman of Selectors did a fantastic job in managing the Under-19 program allowing up to 70 players the opportunity to train with the squad. With a great sign of the talent coming through our junior pathways the team went on to defeat the Ballarat FL by 95-points after kicking 10 unanswered goals in an inspired first term.

Overall a total of 255 teams participated in WRFL competitions in 2016 which was up from 248 in 2015. We introduced an Under-8s competition and extended our girls football to include Under-12's, Under-15's and Under-18's that were combined with the Essendon District FL.

In 2017 the WRFL will conduct standalone girls' competitions in these age groups and are currently exploring the options around an open age women's competition to coincide with the inaugural AFL Women's competition next year. Early indications from clubs suggest competition sizes of eight or more teams in all of the girls' competitions which will be a significant increase on this season.

The decision to move to a three tiered senior competition in 2015 was vindicated this year with every senior team having won at least one match. This is the first time this has occurred in over five years. Division 1 comprised of nine teams. Wyndhamvale won two matches after being promoted to Division 1 with their first win against Spotswood at McLean Reserve in Round 6 being their season highlight.

Division 2 comprised of seven teams after Albanvale was promoted following their Division 3 Premiership in 2015 and they transitioned well winning five matches for the year. West Footscray's struggles were well documented leading into the season, but it was pleasing to see the club rally and finish the season well.

Newport Power entered senior teams in the WRFL for the first time, this saw nine teams compete in the Division 3 competition.

There was a re-structure of the Under-16 and Under-18 competitions which moved to Under-17 and Under-19 in 2016 to further assist in the transitioning of junior footballers into our senior teams. Although this was a challenge due to the nature of the transition the full impact of this change will occur from 2017 onwards.

The WRFL Finals Series was played over an eight week period culminating in our Division 1 Grand Final which was played at VU Whitten Oval for the first time in 10 years. A record crowd was present to witness Deer Park win its record breaking fourth consecutive Division 1 Premiership which is a huge achievement for a club only promoted to Division 1 in 2012.

Caroline Springs won their inaugural senior Premiership winning Division 2 and Newport equalled this achievement winning the Division 3 Premiership in its first season of fielding a senior team.

The highlight of the Junior Finals Series was Spotswood's Under-15 Girls Premiership. A week out from Round 1 they only had seven girls, they ended the season with 30 players, all of which played a part in an extremely memorable moment for everyone involved at the club.

The WRFL has become a destination League for ex-AFL talent in recent years and it was great to have Brendan Fevola, Brian Lake and Mark Williams join the WRFL and compliment former Barry Priest Medallist in Wayne Skipper among others.

Not many Community Leagues could lay claim to have had a Coleman and Norm Smith medallist playing in their League and if you believe some of the rumours circulating at the moment we may just get the services of a former Brownlow Medallist in 2017.

Over the course of the 2016 season there has been so many people and groups that have worked tirelessly to ensure the effective management of the Football Operations within the WRFL. All of this work is greatly appreciated.

This will be my last report as General Manager Football Operations with the WRFL as I've accepted a position with the Western Bulldogs which I will commence in January 2017. I would like to take this time to thank all of the great people of whom form the clubs that is the WRFL. To the many volunteers that have assisted me over the years from Judiciary, finals match managers and Interleague staff just to name a few, I thank you. Thanks to the WRFL Board past and present that has lead the direction of the WRFL to be now one of the best community football leagues in the country. Finally, thank you to Bob Tregear, Tim Shellcot and my colleagues and friends at the WRFL head office who have made working in the WRFL a very enjoyable and rewarding experience and have helped shaped me professionally.

# CLUB DEVELOPMENT REPORT

Tim Shellcot

Season 2016 provided a number of highlights from a club development perspective, both on and off the field.

The Club District Development Program (CDDP), a joint initiative between AFL Victoria and the WRFL, was rolled out to WRFL clubs during June and July. The CDDP's objective is to improve and integrate the delivery of development programs in the western region, with the overall aim of assisting WRFL clubs to increase participation levels, particularly in junior football. AFL Victoria Football Development Managers Tom Delahunty and Nish Moses will work closely with clubs to promote the code through football programs, particularly those conducted in primary schools, and to develop stronger pathways between club junior football and local schools and Auskick Centres. As part of the CDDP clubs are being encouraged to nominate a person to fill the role of Club Development Coordinator, to act as the major communication point between the club, AFL Victoria staff and the WRFL on a variety of development programs and initiatives. While results from the implementation of the CDDP may not be evident immediately all football stakeholders are optimistic it will have a positive effect on football participation at all levels in the WRFL.

The junior competition experienced a six percent increase in team numbers, with 28 clubs fielding a total of 193 teams across all junior age groups. Nineteen junior grand finals were contested and with 12 clubs winning at least one Premiership the feeling of on-field success was well spread throughout the league. From an operational perspective the finals series was a great success with the four weekends providing high quality, competitive matches watched by sizeable crowds. Galvin Park in Werribee was used for the first time as the major junior finals venue and it proved to be an excellent facility for the finale of the junior season.

Delivering a junior football structure in which young players can enjoy the game and develop their skills in competitions appropriate to their level of ability is a goal for all leagues and appropriate grading of teams is a crucial part in achieving this goal. Grading remains a challenge, given the differing levels of ability, size, development and movement of players that occur within each age

group. Policies and procedures implemented over the past few seasons have provided a more consistent grading method, however review and modification of the grading process must be on-going to ensure it meets changing conditions. Following the conclusion of the 2016 season a forum, chaired by Juniors Board Chairman Keith Brown, was held to provide clubs with an opportunity to discuss possible strategies aimed at maximising the competitive balance of our junior football competitions. A number of good ideas came from the forum and, importantly, all clubs are keen to be part of the process to make our junior competitions the best they can be. Further investigation will take place over the off-season, with the possible introduction of some of these strategies prior to the commencement of the 2017 junior season.

A WRFL representative player in action in the Under-15 Pool B match

In 2016 the WRFL introduced an Under-8 competition. Played under modified rules, this age group aims to provide children with a fun, safe and positive first 'competitive' football experience through a match program that develops their movement and basic football skills. The Under-8 division is expected to grow significantly in 2017, providing clubs with another strategy to increase participation by bridging the gap between Auskick participation and club football.

Junior girls' football continued as a joint league with the EDFL, and included an expansion in the number of age groups to include Under-12, Under-15 and Under-18 divisions. With the announcement of a national AFL Women's competition, which will commence in 2017, interest in female football has grown substantially and a significant number of WRFL clubs have committed

to entering junior girls teams in 2017. As a result of this commitment the WRFL announced late in 2016 it will run standalone junior female competitions starting in 2017, a major step in the advancement of female football in the west.

The league's major junior development program continues to be its Junior Interleague squads. Eight squads represented the WRFL in junior interleague matches in 2016 and while the win/loss ratio wasn't at 2015 level the matches are important as a setting for initial elite level talent identification purposes. Junior Interleague football continues to be primarily an opportunity for our best junior talent to test themselves against the best from other metropolitan leagues, allowing them to develop as players and to take, for many, their first significant step on the talent pathway that leads to higher levels of competition. It is pleasing to see a large number of WRFL Interleague representatives carry on to be selected in Western Jets talent development squads each year, with many eventually representing the Jets at TAC Cup level.

The WRFL and its member clubs would not exist without the work of league staff and club volunteers. Thanks to WRFL staff Bob Tregear, David Newton, Julia Prokhorova, Kristen Alebakis, Peter Harley and Kristy Vidovic and to AFL Victoria's Tom Delahunty and Nish Moses for their advice and assistance throughout the 2016 season. Our many club volunteers serve in a variety of roles, and they all live and breathe community football. All volunteers commit a huge amount time and effort to support and grow their club and Australian Rules football in the west and I look forward to this continuing in 2017.

## MEDIA REPORT

Kristen Alebakis

Season 2016 promised to be an exciting year of football and it certainly delivered, with footy fans in the west treated to an entertaining display of senior and junior football.

While there was many historic highlights celebrated on the field, the WRFL media team also achieved some great success.

In my first year in the Media and Communications role, my aim was to see the WRFL and all its clubs have the best and most comprehensive media coverage of any other league in the state and this year we took big steps to achieving that goal.

The WRFL's online presence reached new heights this year with more content posted on the website than ever before.

Match reports, team selection, breaking news and feature stories were produced throughout the year giving those involved with the league an insight into our premier competitions.

The number of online videos also increased in 2016, with the media team producing 24 episodes of the WRFL Footy Show.

This season's Footy Show, transformed from solely being a Junior Footy Show, to a show that covers every corner of the WRFL.

We covered both Junior and Senior Interleague campaigns, the Heartland Award as well as Junior and Senior finals series.

Twenty episodes of 7 Plays in 7 Days, a show dedicated at highlighting the best plays of the Division 1 competition, was also created.

Each week, people also tuned into the Senior Preview and Review Shows, with 37 episodes produced this year.

Plus an exclusive five episode Community Championships special was also created. These episodes featured interviews with some of the league's star players and gave fans of our competition an insight into their preparation for our match with Ballarat.

One of my personal highlights this season was working together with senior players to produce a video for the WRFL's inaugural White Ribbon Round.

Players from across all divisions came together to record a short video, taking the White Ribbon Oath, pledging to never commit, excuse, or remain silent about violence against women.

The video gained widespread attention in the community and was one of the most popular of the year, gaining more than 25,000 views in just over a week.

It was great see not only the league, but our clubs and community take a stand against this issue.

This year all videos were not only displayed on YouTube, but were also posted on Facebook, which meant our audience significantly grew in comparison to the previous year.

Overall we had more than 206,000 combined views for all of the WRFL videos.

These video figures have also had a direct result in the increased engagement on the WRFL Facebook page.

The WRFL page likes hit 7471, which is an increase of 42% from last year. The page is also one of the top three most popular metropolitan football leagues in Victoria.

The WRFL Twitter page increased its followers by 28%.

The Instagram page also proved to be a popular tool for sharing news, with the page gaining more than 1100 new followers in the past year, an increase of 91%.

The league's app, WRFL Live, went from strength to strength in 2016, fast becoming one of the best tools to communicate with fans and clubs.

Several times this season the app was ranked inside the top 10 in Australia for football apps.

Finally, I would like to thank the Media Team for their outstanding contributions throughout the 2016 season, their dedication and support to keep our community informed with all the latest WRFL news has been inspiring.

A special mention goes out to the WRFL's video producer Sarah Gubanovic, who was also new to the league this year.

Her dedication and commitment to creating engaging, fun and quality video content has been first class.

Without Sarah's support, we would not have been able to achieve the goals we set out at the beginning of the year.

This year's team of reporters included Kevin Hillier, Connor Pain, Alex Karavas, Dayle Dunshea, Rhys Woosnam, Ashley Bolt, Nick Galea, Graeme Hodgart, Will Zwar and Daniel Mosca.

I would also like to thank the WRFL's official photographer Darrell Jones as well as volunteer photographers Cody Bench, Belinda Vitacca, Greg Evenis and Ellie Alebakis.

The entire media team produced content for the Record and the WRFL website, covering every aspect of our great competition.

A big thank you also goes to the enthusiastic group that is the WRFL radio team, who each Saturday afternoon broadcasts the match of the round via 88.9 WYN FM.

Led by two of the most passionate WRFL identities in Kevin Hillier and Steve Thom, the group of dedicated broadcasters have had another fantastic season talking all things football.

Thank you to Peppe Cavalieri, Andrew Wilson, Troy Rainford, Michael Velissari, Gary Turner and WYN FM's Krume Szadovski for all of their efforts this season.

I would also like to thank all the club presidents, administrators, coaches, players and volunteers for welcoming me to the west.

To my colleagues in the WRFL Office, Bob Tregear, David Newton, Tim Shellcot, Julia Prokhorova, Peter Harley and Kristy Vidovic and to AFL Victoria's Tom Delahunty and Nish Moses, you have all been a great support in my first year with the league. It has been fantastic getting to know you all.

Overall, it has been an exciting and entertaining season of football across all levels.

I look forward to another action packed year in 2017.

# UMPIRES REPORT

Mark Westgarth

Season 2016 marks the 'changing of the guard' and the goal of developing umpires in the WRFL reaching its first milestone.

In 2013 the key challenge was to improve the skill base for all umpires therefore allowing all umpires the opportunity to officiate at the senior level.

The 2016 Division 1 Grand Final achieved this goal and has now become the launching pad for the ongoing development of umpires in the WRFL.

The focus of the WRFL umpiring department is to improve the skill of umpires, in all disciplines with a particularly focus on our younger umpires.

The umpire's academy commenced in 2009 at MacKillop College in Werribee and in season 2016 all the Division 1 Grand Final field umpires came from that academy.

Shamus Dundon, Ryan Webster and Michael Westgarth, with an average age of 20 years, all commenced their umpiring career through the academy in 2009, with Ryan and Michael commencing as boundary umpires whilst Adam Cosham, an ex-TAC player, who sat the bench was in only his third season of umpiring.

Over the years the WRFL have established more academies across the region and this has provided the opportunity for young people to get involved in umpiring with many younger umpires also playing football in the WRFL.

Boundary and goal umpire development has had very similar success with a large growth in the number of females joining the ranks which has also been highlighted in the Division 1 Grand Final with Christine Gent appointed with Trevor Budge as the two debutant goal umpires.

Christine being the first female goal umpire to officiate in a Division 1 Grand Final.

Kia Abela, Robert Hill, Riley Kane and Jordan Wiltshire complete the Division 1 team with the boundary umpires average age being 18 years, again being developed through the academies.

The WRFL umpiring group has continued to grow and in season 2016 we had more than 350 umpires involved, with 10% of the group female.

Our challenge in 2017 is to double our female numbers, as indicated by Meredith Angwin, President of the WRFL Board, at the Division 1 Grand Final luncheon and further develop the umpiring group to promote all umpires to 'be their best' which was the theme for 2016.

The achievements of the group is attributed to a number of people, firstly the umpires who work hard over a long season, at times in trying conditions, to be the best they can be.

They are heavily supported by partners, parents and friends who provide the ongoing support, week in week out, encouraging every umpire to be their best.

They are supported by the WRFL umpiring department, who dedicate their time to support all umpires as they strive to achieve the best umpiring in the WRFL.

Early in the season one of our younger umpires, Matthew Mather, was seriously hurt in a car accident which resulted in the umpiring department losing their assistant coach in Mark Mather and boundary umpire coach Josh Mather (current AFL boundary umpire) as they needed to assist Matthew in his recovery and support their family. I am happy to report that Matthew is recovering slowly and will return home soon.

Maree Wilke moved into the boundary coaching role and was a great success. Maree's son Luke, is a current VFL senior boundary umpire and given her knowledge of the game and her AFL Coaching Accreditation she provided a depth of skill and knowledge which allowed the boundary umpires to further develop in 2016.

Maree is also the female liaison in which she promotes and supports females in the WRFL ranks. This role in 2017 will be a challenge, given the aim is to double female ranks in the umpiring department.

Rene van Kuyk is the man who keeps the WRFL umpires going. He is the man who gets umpires to games in the WRFL. Over 100 appointments every Saturday and 160 appointments every Sunday, Rene has to deal with umpires unavailable at the last minute, then make multiple changes to appointments to ensure that every WRFL game has official umpires.

Rene also observes umpires and provides the much needed feedback to the various coaches.

Paul Dimartino (current VFL observer) stepped up during the season to replace Mark Mather and, not only provided excellent feedback and observation of umpires, but worked on the skill base of field umpires at various training venues.

An umpire throws the ball in during the Round 3 Division 1 match between Spotswood and Hoppers Crossing.  
Picture: DARRELL JONES

Paul Howe (ex VFL umpire and current CEO of the AFL Umpires Association) provided excellent observations and feedback to a range of umpires, and his expertise is an enormous benefit to the development of the panel.

Adam van Kuyk (ex VFL umpire) also provided coaching support, and together all four men created a positive and encouraging environment which allowed all umpires to achieve their potential.

Henry Strzadala, Craig Gurrie and Richard Watt supported Maree Wilke in boundary observations with all men also involved in the junior development of the boundary umpires.

Richard Watt, in particular, spent endless hours with the academy boundary umpires and provided tremendous support and encouragement.

Graeme Hodgart, as the goal umpires coach was supported by Phil Falkner and Leo Keating who did a power of work providing feedback and support for the goal umpires. Graeme always goes the extra yard and dedicates a lot of his time to supporting the academy goal umpires, who are starting to grow in numbers and skill.

Bruce Pain was the junior coach and did a great job with the younger umpires. He was supported by a number of mentors, observers and academy coaches, too many to mention, but greatly appreciated for all their hard work and support of junior umpires in the WRFL.

The WRFL Umpires Association continued to support the WRFL in developing umpires through great advocacy, social events and involvement with various umpiring development programs.

Special thanks to the executive, led by President Henry McFerran, who always supports the umpires in the WRFL.

Finally, I would like to thank the WRFL Board and management, led by Meredith Angwin (WRFL Board President) and Bob Tregear (CEO of the WRFL).

Their strong support of umpiring in the WRFL is greatly appreciated, with a special thanks to Bob Tregear who I have worked with over the last four seasons, good luck in retirement.

Enjoy the summer, and I look forward to season 2017.

**Mark Westgarth**

## TRIBUNAL REPORT

Dale R Sayner

The WRFL Tribunal panel for season 2016 heard two less cases than season 2015, although the automatics being six higher meant that the total reports were up by four - a 4% increase.

This is still a reasonable result based on numbers, and compared to all previous seasons, still heading in the right direction. It is not a pipe dream or a wish to expect that the total reports in the future be another 50% less.

Unfortunately 21% of all reports presented to the Tribunal were umpire related. Of this amount 70% were applicable to Junior coaches ranging from Under-9's to Under-15's.

As Chairman of the WRFL Tribunal I find it totally unacceptable that coaches in these age grades can present themselves in front of the children in this manner.

These officials seem to think it is ok for the players to make lots of mistakes and still get rewarded for being best players, however when an umpire makes a mistake it is appropriate in their view to abuse the umpires in full view of the players and parents.

The Tribunal will not tolerate this behaviour next season and offenders can expect that if found guilty stronger penalties will be applied, with offenders also invited to attend umpire theory classes, which must be completed before the penalty is finalised.

Unless both penalties are completed the suspended official, coach or player can't coach, play or be an official at any AFL affiliated club.

Although the attendances at the Tribunal were down by two, the amount of weeks given as penalties was up by 79 weeks.

With the average suspension being 4.70 weeks for all guilty verdicts, which was 89% of all cases.

This was mainly due to six serious cases with suspensions of eight weeks or more, compared to season 2015 where there was only three cases with eight weeks or more suspension.

Of these six cases four were umpire related and two were applicable to striking behind play.

It was pleasing to have less junior cases this season - down from 46% of all cases to 30% for season 2016.

This figure would have been much better if not for some undisciplined teams in the Under-17 competitions which made up 70% of all junior reports to attend the tribunal.

This is a club discipline area that must be acted on; otherwise if left to the tribunal and players are found guilty, the penalties will be appropriate.

Of the 43 cases heard by the Tribunal this season 54% were applicable to five clubs. These clubs are aware of the situation that they have relating to tribunal attendance and it is expected that they will make every attempt to make sure these numbers are reduced during season 2017.

Once again the stability of the Tribunal with the same panel of eight - showed the consistency on verdicts and penalties relating to each individual case.

The members of the tribunal donate their valuable time to make sure we have a fair hearing for all attendees.

Although some will disagree, this is exactly what the outcome has been for some years now, and leaves all the attending clubs in no doubt where they stand with the WRFL Tribunal.

A special thanks to all members of the Tribunal who this year covered every case, even though we had members with illness and overseas/work commitments.

Our Panel consisted of:

- Adrian Noble (Deputy Chair)
- Michael McNamara (Deputy Chair)
- Jim Simmonds
- Paul Smallwood
- Darren Mayne
- Frank Plata
- Rod Evans
- Brian Wilson (Tribunal Secretary)

Next year the clubs must focus on discipline relating to coaches and officials as well as umpire abuse.

All players need to understand that if found guilty at the tribunal, the penalty will be applicable to the charge; not in line with automatics. In most cases expect a more severe penalty.

Although the report rate is at levels of all-time lows, 100 in a season is still far too high and is not a figure to be proud of. This is entirely up to the clubs to get right.

# FINANCIAL REPORT

## Treasurer's Report

It is my pleasure as WRFL Treasurer to present the financial reports for the year ended 31 October 2016, noting that once again our auditors have signed-off on the accounts without qualification.

The final operating result for the 2015-16 financial year was close to break-even, with a deficit of \$456 compared to a marginal surplus of \$1,472 last year. Both of these results were recorded following annual turnover of more than \$2 million; and are in line with the Board's policy over the past several years of not increasing affiliation fees to member clubs. That policy has required growth in other revenue areas such as sponsorships and player registration fees; and tight management of expenses. It is particularly pleasing to note the record level of commercial partnership / sponsorship revenue of more than \$230,000 achieved in the year under review, meeting what was seen as a challenging budget target.

The overall result for the 2015-16 financial year was affected adversely by a net contribution from finals of some \$18,000 less than budgeted; and net return from merchandise sales \$17,000 below budget. While the merchandise shortfall was due largely to the once-off impact of natural disasters in Fiji interrupting the production capacity of one of our apparel suppliers, the challenge of maintaining profitability from finals will continue in coming years, especially with the redevelopment of Avalon Airport Oval Werribee rendering our key senior finals venue of recent years unavailable for the next two seasons.

In my annual report to members last year, I noted with concern the increase in overdue debts owed by clubs to the league. That matter has been the subject of constant monitoring by the Board; and has resulted in the introduction of revised by-laws to facilitate tighter management controls. While these measures have led to a welcome reduction of \$45,000 in outstanding debtors at balance date compared to the previous year, their full impact will the Board will maintain its diligence in bringing all clubs within standard trading terms as soon as reasonably possible.

At the time of writing this report, the Board had yet to finalise its budget for the 2016-17 financial year. It is my recommendation, accepted by the Board, that the league must improve its net asset position over the next few years. The historical level of liquid assets maintained over recent years does not provide sufficient insurance against any unexpected adverse trading result. A prudent target would be to increase the level of net assets by between \$300,000 and \$500,000 over the next five or so years: future budgets will be framed accordingly. While every effort will be made to minimise any cost increases to clubs, that ambition will depend on continued growth of team numbers; protection of existing revenue sources; and identification and development of new revenue prospects.

Overall, the Board is satisfied with its budget monitoring and fiscal controls; and views the final result for 2015-16 as a satisfactory outcome despite the minor shortfall to a budget target of \$20,000 surplus.

The Board remains committed to good governance and responsible financial management as vital components of best practice service to member clubs.

## NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR YEAR ENDED 31 OCTOBER 2016

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements are a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Reform Act 2012, for use by the members of the League and to fulfil the board's requirements to prepare financial statements.

The financial statements have been prepared in accordance with the requirements of the Associations Incorporation Reform Act 2012 and the following Accounting Standards:

AASB 101 Presentation of Financial Statements	AASB 116 Property, Plant and Equipment
AASB 107 Cash Flow Statements	AASB 117 Leases
AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors	AASB 118 Revenue
AASB 110 Events after the Reporting Period	AASB 119 Employee Benefits
AASB 113 Fair Value	AASB 1031 Materiality

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied. The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where specifically stated, current valuations. The financial statements have been prepared on a going concern basis.

The following significant accounting policies have been adopted in the preparation of these financial statements and consistently applied to all periods covered.

### PROPERTY, PLANT & EQUIPMENT

Items of property, plant and equipment are carried at cost or fair value less, where applicable, any accumulated depreciation and impairment loss. The items have been assessed for current replacement cost in 2016, and as a result there has been no change in the values of the individual items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income and expenditure statement during the financial period in which they are incurred.

Gains and losses on disposal of an item of property, plant & equipment are determined by comparing the proceeds from disposal with the carrying amount, and are recognised net within other income in the income and expenditure statement.

### DEPRECIATION

Depreciation is calculated on the depreciable amount of all fixed assets over their useful lives commencing from the time the asset is held ready for use.

The depreciation methods and rates used for each class of assets are as follows:

Office Equipment – Diminishing value method 15% to 33.33%  
Motor Vehicles – Diminishing value method 18.75%  
Computer Equipment – Diminishing value method 40%  
Leasehold Improvements – Straight line over 3 lease terms (9 years)  
Furniture & Fittings – Diminishing value method 7.5% to 20%  
Assets held for Club Use – Prime cost method 10%  
Umpires' Training Equipment – Prime cost method 40%

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate.

### NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (CONTINUED) FOR YEAR ENDED 31 OCTOBER 2016

#### INVENTORIES

Inventories are measured at the lower of cost and net realisable value. The cost is based on the first in, first out principle and includes expenditure incurred in acquiring the inventories and other costs associated with bringing them to their existing location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated selling expenses.

#### LEASES

Operating leases do not transfer substantially all the risks and benefits incidental to ownership of an asset.

Payments made under an operating lease are recognised in the expenditure statement on a straight line basis over the term of the lease. The leased assets are not recognised in the balance sheet of the association.

#### EMPLOYEE ENTITLEMENTS

Provision is made for the association's liability for Employee Entitlements arising from services rendered by employees to balance date. Employee Entitlements that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Annual leave has been assessed in accordance with the provisions of AASB 119 however, no change in classification between current and non-current is considered necessary.

#### INCOME TAX

The League has been granted an income tax exemption by the Australian Taxation Office.

#### GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense. Receivables and payables are stated with amount of GST included. The net amount of GST recoverable or payable to the Australian Taxation Office is included as a current asset or liability in the balance sheet.

#### REVENUE RECOGNITION

##### Property Division Sales

Property Division Sales represent revenue earned from the sale of products to member clubs. Revenue is recorded when the goods are despatched.

##### Interest Income

Interest Income is recognised as it accrues.

##### Management Fees

Management Fees represent revenue earned from charges to member clubs used to fund the provision of services (including but not limited to umpires).

##### Asset Sales

The profit or loss on disposal of assets is included as revenue of the association. Such profit or loss on disposal of assets is brought to account at the date an unconditional contract of sale is signed.

### 3. OPERATING LEASES

The League had one operating lease during the financial year for the rental of the office.

#### OFFICE

There is a Memorandum of Understanding signed by the League as sub-leasee to Western Bulldogs Football Club. It and the draft lease received provide for terms of 3 years with seven 3 year options totalling 21 years, commencing May 2010. This MoU will remain in force until the formal lease is executed. Rental is reviewed annually in May and is subject to a CPI increase. In late 2013 the final lease draft was received but has not yet been actioned due to a change in personnel at the Western Bulldogs Football Club. The lease draft provides for annual increases to be the lesser of 3% and CPI.

# FINANCIAL REPORT

## Independent Auditor Statement

### INDEPENDENT AUDIT REPORT TO THE MEMBERS OF WESTERN REGION FOOTBALL LEAGUE INC.

We have audited the accompanying financial report, being a special purpose financial report, comprising the balance sheet as at 31 October 2016, the income and expenditure statement for the year then ended, the cash flow statement for the year then ended, a summary of significant accounting policies and other explanatory information of the Western Region Football League Inc and the Statement by Executive Board Members.

#### Board of Management responsibility for the financial report

The Board of Management is responsible for the preparation and fair presentation of the financial report in accordance with the applicable financial reporting framework, and for such internal control as it determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. The board has determined that the accounting policies described in Note 1 to the financial statements, which form part of the financial report are appropriate to meet financial reporting requirements and the needs of the members.

The financial records kept by the Western Region Football League Inc are such as to enable financial statements to be prepared in accordance with Australian Accounting Standards and the Associations Incorporation Reform Act 2012.

#### Auditor's responsibility

My responsibility is to express an opinion on the financial report based on my audit. I have conducted my audit of the financial report in order to express an opinion on it to the members.

I disclaim any assumption of responsibility for any reliance on this report, or on the financial statements to which it relates, to any person other than the members, or for any purpose other than that for which it was prepared.

My audit has been conducted in accordance with Australian Auditing Standards. These standards require that I comply with relevant ethical requirements relating to audit engagements, and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to management's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of management's internal control. An audit also includes evaluating the appropriateness of accounting policies

used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### Electronic publication of the audited financial report

It is our understanding that the Western Region Football League Inc intends to electronically present the audited financial report and auditor's report on its internet website. Responsibility for the electronic presentation of the financial report on the Western Region Football League Inc website is that of those charged with governance of the Western Region Football League Inc. The security and controls over information on the website should be addressed by the Western Region Football League Inc to maintain the integrity of the data presented. The examination of the controls over the electronic presentation of audited financial report on the Western Region Football League Inc website is beyond the scope of the audit of the financial report.

#### Auditor's Opinion

In my opinion the financial report of the Western Region Football League Inc presents a true and fair view, in all material respects, of the financial position as at 31 October 2016 and its financial performance and cash flows for the year then ended on that date and complies with the Associations Incorporation Reform Legislation 2012 and applicable Accounting Standards.

#### Basis of accounting

Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling Executive Board Member reporting responsibilities. As a result, the financial report may not be suitable for another purpose.
