### By MATTHEW DUCK

**Failing to plan is planning to fail.** It's an old adage but it still rings true. As we draw closer to the end of another season, it's an important period for league and clubs alike to review the year and identify opportunities moving forward.

Some of that reviewing and subsequent decision-making has already commenced. As some of you will have read, last week it was announced that ahead of the 2020 season the approach to the player points model is set to change, with consideration of 'sustained success' (thus potentially being reduced a point(s)) and/or 'distinct disadvantage' (for whatever reason) that may potentially warrant an additional point(s). As mentioned, this is a model used extensively throughout Victoria and comes with the majority support of WRFL senior clubs.

The weeks immediately following the end-of-season also provide an opportunity to consider other initiatives in anticipation for the season ahead, including further expansion of the WRFL's training and development space. The WRFL made a marked effort to increase its training opportunities over the past two seasons, although pulled back a little in 2019 on the volume of what was delivered last year. The Victoria University WRFL/EDFL Volunteer's Conference was held again earlier this year and focused on club planning, financial management, risk management and compliance, and managing volunteers. The Conference will likely run again in 2020, although potentially under a different format.

With the development of the WRFL's website has come further opportunity to utilise the website as a hub of information for club administrators. My experience as a club administrator is that at times you can drown in emails, and the ongoing development of 'Club Hub', a portal on the website where key information, survey links and results, opportunities for clubs etc have been universally shared has hopefully simplified the process for club administrators. Online support/education tools will continue to increase moving forward, meaning people can access support when and where it suits them.

Focusing on key appointments, recruiting, budgeting, junior development, strategic planning etc are just some of a host of activities clubs are about to embark upon, if not already. Not surprisingly, a lack of volunteers is a major threat to our clubs, and is closely related to player retention and financial stability. If you're reading this as a club supporter, spectator, parent or friend, and you've thought about helping out before but never have, I urge you to seek out your club president and offer to take on a job. Never has it been more important for our clubs and our community.

See you at the footy.

## RECOGNISING THE WRFL'S UNSUNG HEROES

**As a community we all tend to focus on what happens on the field, especially when finals begin.**

While it is important to celebrate the achievements on the footy field, the WRFL also believes it's important to recognize the 'unsung heroes' without whom, we wouldn't have a league to play in.

These men and women, boys and girls work tirelessly for their local club and league, often without looking for or receiving the recognition and acknowledgment they deserve.

While we are sure all clubs show their appreciation in their own way to these dedicated and passionate volunteers, as a league we also would like to recognize them for their efforts.

Melbourne Injury Lawyers make this possible with an award dedicated in honour of the work done by volunteers.

M.I.L., who have a number of offices around the metropolitan area, including Altona, became a sponsor of the WRFL in 2011. M.I.L. see this award as a positive way to support the community within they operate and in 2018, Bryan Patten was recognised for his efforts at the Braybrook Football Club.

The league is currently seeking nominations from all clubs within the WRFL, for this Unsung Hero recognition award.

We are looking for volunteers who may mark the lines, strap the goal posts, cut the oranges, clean up the rooms, help out with the juniors, pick up elderly supporters to take to the game and a million and one other things that get done around the club every week. All these jobs are 'assumed' by the general public to 'just happen'.....because they always have.

If you know of anyone who you think should be nominated, please contact your club administrator with your nomination and they will forward your recommendation with a photo of the nominee to the league for consideration. We ask all clubs to complete their nominations by September 12.

The winner will be announced on the night of the Senior Presentation evening and shared on social media, our e-newsletter and website.

## JUNIORS RECOGNISED AT AWARDS NIGHT

By GRAEME HODGART

The WRFL umpires were in a meeting listening to the Director of Umpiring. Mark Westgarth's words were clear and succinct, 'there are no draws in any WRFL's matches throughout the finals.' Once upon a time, it was a different system and in the case of a draw then everybody had to come back and play again the next week.

Over the years, there are five examples of draws in FDFL/WRFL Grand Finals where the teams involved needed to return the next weekend to do battle again. In 1966 in the Under 16B Grand Final, featuring ICI (Deer Park) and Parkside, both teams kicked 3.5 with ICI winning the following week.

In the highest level, A Grade, in 1966 saw Braybrook and West Footscray both posting 97 points first time around with the Brookers eventually claiming the premiership. Eight years later in the Under 17B section it was Braybrook defeating North Footscray after they had drawn 92 points apiece the previous week.

St Bernard's figured in the next two draws. In the Under 16A grade in 1994 they drew with Werribee Juniors 11.9 each before winning the replay by 19-points. They were again victors two years later in the Under 12A section defeating Altona Amateurs for the premiership after both teams had managed a very low total of 2.4 in the first hit out.

In recent years there have been only a handful of examples of junior teams finishing their finals' game level pegging with the opposition. This meant that five minutes extra time each way needed to be played to determine the winner. However, this season in the Under 14 Division 4 first semi final between Point Cook Centrals against Point Cook something very extraordinary happened. At the end of

their game, the scores were locked together at 3.3 each. And so, they played an extra 10 minutes. At the end of that, where both teams had scored a behind each, the teams were still on level terms. Immediately another five minutes each way was commenced. In those 10 minutes, neither teams scored. Remarkably, a further two five minute 'quarters' were played. At long last a winner was found because Point Cook Centrals managed to kick a goal.

The umpires involved in that titanic struggle between the two Point Cook based clubs did a magnificent job in coping with the situation. Besides their umpiring duties they were also able to manage the two teams and communicate clearly what was needed to be done to ensure the correct procedure was followed. At one point, one of the goal umpires suggested that they should be playing the Golden Point Rule. Luckily, the other umpires knew that that idea has never been a part of the WRFL.

## QUIZ

A long kick sends the ball towards the boundary line where a player juggles the mark. The field umpire awards the mark but at the same time the boundary umpire signals out-of-bounds, touched, for a throw in. What happens next?

- (a) The field umpire consults with the boundary umpire to determine whether the mark was fully completed prior to crossing the boundary line.
- (b) The field umpire, who is in control of the game, pays the mark.
- (c) The boundary umpire throws the ball back into play.

*The correct answer was (a). See By-law 14.2(b).*
